

COME BACK TO ME

I'm thinking of you baby you're always on my mind
Tell me that you still love me, can all wounds heal with time
Come back to me baby, baby please come back to me

I know that I did you wrong, the situation couldn't last
Maybe you've moved on, but I'm stuck in the past
Come back to me baby, baby please
Tell me what went wrong
Has it been too long
For me to come back home?
We can make up for the time we lost if you just
If you just believe me

The sentence fell around me and then I did the time
The jury judged me guilty but one lie is not a crime
Come back to me baby, baby please come back to me

I want to call you on the phone I want to say how much I care
Maybe you're not alone and it's more than I can bear
Come back to me baby, baby please
Tell me what went wrong
Has it been too long
For me to come back home?
We can make up for the time we lost if you just
If you just believe me
